What is an "SR22 Filing"?

An **SR22 Filing** is a form issued by an insurance company, which removes a suspension order placed by the Illinois Secretary of State's office on your driving privilege. The filing provides a guarantee to the Illinois Department of Motor Vehicles that an insurance company has issued at least minimum liability coverage for the person making that filing; AND - that the insurance company will notify the Illinois Secretary of State should the insurance ever lapse for any reason. We often get asked if a person can get an SR22 filing WITHOUT buying insurance - the answer is NO - because an SR22 filing is evidence of liability insurance in force.

Who Needs a SR-22 Filing?

People whose license is under suspension by the Illinois Department of Motor vehicles need an **SR22 Filing** to reinstate their license. This includes, but is not limited to the following suspension reasons: drunk driving violations; more minor moving violations in one year than the law permits; suspensions from unpaid fines or parking violations; uninsured accidents; failure to comply with other Motor Vehicle laws or regulations.

How do I get a SR22 Filing to reactive my drivers license?

You must purchase minimum liability coverage on the vehicle(s) you own. If you do not own a motor vehicle, you must purchase "non-owners" liability coverage. The price is based on the severity of your driving record (accidents and violations), where you live, and the number of years of driving experience. If you do not know what is on your driving record, purchase it from Illinois Secretary of State. Then you must purchase the proper kind of [Automobile](#), [Motorcycle](#), or [Non-Owners](#) policy. Our goal is to find this coverage at the LOWEST COST TO YOU! That is why we are here.

How long must I maintain an SR22 Filing in Illinois?

Under normal circumstances the **SR22 Filing** period is one to three years. However, with the advent of stricter enforcement of driving laws, and lobbying against drunk drivers, the terms can be extended.

What process is involved in reinstating my license?
